

2025 4-H Chick Chain Program

This project requires that 4-H members have a place to raise and care for 14 chickens. Have you ever wondered what it takes to raise chickens from being a day old to when it can lay an egg? Do you want to try raising some chickens on your own? How does starting your own egg-selling business as young as a 4th grader sound? These are all things that 4-H'ers have been doing for DECADES with the 4-H Chick Chain!

Who can participate?

Any **4-12th grader** enrolled in 4-H through public school, virtual/remote learners, or the home school program.

Why participate in the 4-H Chick Chain Program instead of purchasing birds on your own?

- ✓ Includes 14 Pullets
- ✓ Includes a Bag of Feed
- ✓ Includes an Introductory Class, Care Skill-a-thon
Virtual Meetings, Showmanship Clinic
- ✓ Builds a community of young farmers
- ✓ Learn about raising birds from those who show
- ✓ Understand Poultry Varieties: Egg Layers vs. Meat Birds
- ✓ Raises more money for future 4-H farmers
